

Compensated $V^{2/3}$ amplitudes — dashed: constants conjectured for random 4-regular graphs

Compensated mean gap

Compensated standard deviation

- | | | |
|--------------------------------|----------------------|------------------|
| 4-regular simple (Python) | Abelian cover, $k=3$ | Quaternion cover |
| 4-regular simple (MATLAB) | Abelian cover, $k=4$ | K_5 cover |
| 4-regular perm. model (MATLAB) | Abelian cover, $k=5$ | $K_5 - e$ cover |
